

# THE KIDDO'S CORNER

## HOW TO JOIN PATHFINDERS?

### 3 EASY STEPS

**1. PARENT OR  
GUARDIAN MUST  
FILL OUT A FORM**

**2. COMPLETE THE  
ENTIRE FORM**

**3. RETURN THE  
FORM AND JOIN IN  
ON THE FUN**

## THE BENEFITS OF JOINING PATHFINDERS

### WHAT PATHFINDERS IS ALL ABOUT

Community programs like Pathfinders help to create the environments that children need to thrive and succeed. Studies show that children tend to do better in strong, supportive communities. Community resources can offset the impact of poverty and other risk factors that create road blocks to success.

Communities are key players in the development of every individual. Engaging in the community as an adult fulfills your purpose in life and help those who engage live a longer and happier life. Engaging in community activities help provide children with the opportunity to become active members of their community and it has a lasting, positive impact on society at large. Pathfinders enables children to acquire life skills and knowledge, a service they need the most.

## TECHNOLOGY IN THE CLASSROOM

### EMBRACING CHANGE FOR BETTER FUTURES

The impact that technology has had on today's schools has been quite significant. This widespread adoption of technology has completely changed how teachers teach and students learn.

Teachers are learning how to teach with emerging technologies (tablets, iPads, Smart Boards, digital cameras, computers), while students are using advanced technology to shape how they learn. By embracing and integrating technology in the classroom, we are setting our students up for a successful life outside of school. Here are a few benefits of using it..

### TECHNOLOGY PREPARES STUDENTS FOR THE FUTURE

Jobs that may not have had a digital component in the past, may have one now. Education isn't just about memorizing facts and vocabulary words, it's about solving complex problems and being to collaborate with others in the workforce. Ed-tech in the classroom prepares students for their future and sets them up for this increasing digital economy.

### IMPROVED RETENTION RATE

Today's technology enables students to learn at their own pace. For example, almost all apps allow for individualized instruction. Students can learn according to their abilities and needs. This form of teaching is also great for the teacher because it gives him/her the time to work individually with students who may be struggling.
